**In observance of October being National Dental Hygiene Month,** the Texas Dental Hygienists' Association will conduct a community based dental sealant project called "Sealants Across Texas". Throughout the state various dental hygiene components will participate in providing dental sealants for children. Dental sealants are thin, plastic coatings applied to the chewing surfaces of the back teeth to "seal" the pits and grooves on the teeth where tooth decay (cavities) occurs. It is a simple and painless procedure. The cost of a sealant is usually about half the cost of a filling, and can last 5-10 years. The Hygienists at Bent Tree Dental will do **free x-rays and exams on children ages 6-14** on September 28<sup>th</sup> 9:00a.m.01:00pm. Call Kim Parker, RDH at 849-0508 for an appointment.
