Preventing child sexual abuse is the goal of a new program selected by the Diocese of Galveston-Houston. "Protecting God's Children for Adults" educates clergy, staff and volunteers who work with children, about child sexual abuse and the ways to create safe environments for children. The 3-hour session includes videos and facilitated discussions that focus on the prevention of abuse and the protection of children. Adults learn how to recognize the signs and symptoms that an adult is a potential risk of harm to children and how to know that a child is being abused or exploited in some way. You will learn about steps that the faith community can take to create a safe environment for all God's children and how to respond when adults behave in a way that raises concerns. Clergy, staff and volunteers who have regular contact with children and youth are required to attend training. All other adults are invited and encouraged to participate as part of the Church's commitment to make the world a safe place for all our children.
